HERITAGE HARBOUR SOUTH COMMUNITY DEVELOPMENT DISTRICT August 2, 2022 - Minutes of Meeting Page 2

On a Motion from Mr. Brodersen seconded by Mr. Bakalar, with all in favor, the Board approved the Minutes of the June 7, 2022, Board of Supervisors meeting, as amended, for the Heritage Harbour South Community Development District.

FOURTH ORDER OF BUSINESS

Consideration of Minutes of Board of Supervisors' Special Meeting held on June 21, 2022

On a Motion from Mr. Neville seconded by Mr. Frankel, with all in favor, the Board approved the Minutes of the June 21, 2022, Board of Supervisors special meeting for the Heritage Harbour South Community Development District.

FIFTH ORDER OF BUSINESS

Consideration of Operation & Maintenance Expenditures for May 2022

Ms. Newsome presented the Operation and Maintenance Expenditures for May 2022 to the Board.

On a Motion from Mr. Parker, seconded by Mr. Brodersen, with all in favor, the Board approved to ratify the payment of the invoices for May 2022 (\$17,457.50), Operations and Maintenance Expenditures Report for the Heritage Harbour South Community Development District.

FIFTH ORDER OF BUSINESS

HOA Updates

1. Heritage Harbour Master HOA

Mr. Zeiner was present. He informed the Board of a letter received from Medallion regarding watercolor place. Mr. Schappacher noted that he has a meeting scheduled with Medallion and will report back to the Board with any information pertinent to the CDD. Mr. Zeiner requested and received concurrence from the Board to open bathrooms at the soccer field. The board discussed the remediations that are needed in some of the pond banks. Mr. Bakalar volunteered to donate his own time to review bank remediation efforts with the Master. There was discussion of a tree that has been uprooted and needs to be removed, the master will have the tree removed.

2. Stoneybrook HOA

Mr. Zeiner was present, no report given at the time.

3. Lighthouse Cove HOA

Not present; no report given at the time.

4. Lennar Property Update- Andy Cohen

Mr. Cohen discussed the Lennar properties with the Board. Mr. Cohen will reach out

HERITAGE HARBOUR SOUTH COMMUNITY DEVELOPMENT DISTRICT August 2, 2022 - Minutes of Meeting Page 3

to the counsel of the HOA entities then confer with Mr. Schappacher to compile a full list of all parcels that Lennar is offering. When the time is right, Mr. Cohen will also reach out to Lennar Counsel to discuss adding an indemnification provision.

SIXTH ORDER OF BUSINESS

Staff Reports

A. District Counsel

1. District Counsel Update

 Mr. Cohen was present. He discussed the resignation of Mr. Brodersen effective October 1st, 2022. Mr. Cohen also informed the Board of possible options for electing a new board member. The board can advertise that they are soliciting applications for new board members.

B. District Engineer

Mr. Schappacher was present. He informed the Board that the paving is completed, however, they are still waiting for the striper to become available. The speed bumps are not painted yet. Mr. Schappacher also told the Board that the wetland signs replacement is completed. Mr. Schappacher let the Board know that there is a grate on hole 13 that needs to be replaced and a vendor has been contacted to complete the job. Steve Schwartz is working on the reserve study and Mr. Schappacher has reached out to him.

C. District Manager

The next regularly scheduled meeting will be held on Tuesday, September 6, 2022, at 3:00P.M. at the Stoneybrook Recreation Center located at 200 Golden Harbour Trail, Bradenton, Florida 34212.

1. Review of District Manager Report

Ms. Newsome presented the district manager report to the Board.

SEVENTH ORDER OF BUSINESS

EIGHTH ORDER OF BUSINESS

Old Business

New Business

Nothing to report at the time.

A. Discussion of Illegal Dumping on Wetlands

On a Motion from Mr. Parker, seconded by Mr. Brodersen, with all in favor, the Board accepted the inappropriate dumping procedure as proposed by Mr. Bakalar for the Heritage Harbour South Community Development District.

HERITAGE HARBOUR SOUTH COMMUNITY DEVELOPMENT DISTRICT August 2, 2022 - Minutes of Meeting Page 4

129	
130	Mr. Frankel requested that FHP fill out report as presented with more detailed
131	information. He also requested that they patrol the soccer field as well. Mr. Neville
132	asked management to inquire from FHP why tickets are not being issued, he asked
133	if there is something prohibiting them from issuing tickets.
134	
135	TENTH ORDER OF BUSINESS Adjournment
136	
137	On a Motion by Mr. Brodersen, seconded by Mr. Frankel, with all in favor, the Board of
138	Supervisors approved to adjourn the meeting at 4:49 p.m., for the Heritage Harbour
139	South Community Development District.
140	
141	
142	
143	Secretary / Assistant Secretary Chairman / Vice Chairman

NOTICE OF PUBLIC MEETING HERITAGE HARBOUR SOUTH COMMUNITY DEVELOPMENT DISTRICT

The Board of Supervisors of the Heritage Harbour South Community Development District will hold a special meeting on June 21, 2022 at 3:00 p.m. at the Stoneybrook Recreation Center located at 200 Golden Harbour Trail, Bradenton, Florida 34212.

The purpose of the meeting is to consider pending business matters related to the District; and any other business which may properly come before it.

The meeting will be open to the public and will be conducted in accordance with the provisions of Florida law for community development districts. The meeting may be continued in progress without additional published notice to a time, date and location stated on the record at the meeting.

A copy of the agenda may be obtained at the office of the District Manager, Rizzetta & Company, Inc., located at 9428 Camden Field Parkway, Riverview, Florida 33578, (813) 533-2950, during normal business hours.

There may be occasions when one or more Supervisors will participate by telephone.

Pursuant to provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this meeting is asked to advise the District Office at least forty-eight (48) hours before the meeting by contacting the District Manager at (813) 533-2950. If you are hearing or speech impaired, please contact the Florida Relay Service at 711, who can aid you in contacting the District Office.

A person who decides to appeal any decision made at the meeting with respect to any matter considered at the meeting is advised that person will need a record of the proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made including the testimony and evidence upon which the appeal is to be based.

Heritage Harbour South Community Development District Christina Newsome, District Manager IPL0077278 Jun 15 2022

THE STATE OF TEXAS COUNTY OF DALLAS

Before the undersigned authority personally appeared Ryan Dixon, who, on oath, says that she is a Legal Advertising Representative of The Bradenton Herald, a daily newspaper published at Bradenton in Manatee County, Florida; that the attached copy of the advertisement, being a Legal Advertisement in the matter of Public Notice, was published in said newspaper in the issue(s) of:

No. of Insertions: 1

Beginning Issue of: 06/15/2022 Ending Issue of: 06/15/2022

THE STATE OF FLORIDA COUNTY OF MANATEE

Affidavit further says that the said publication is a newspaper published at Bradenton, in said Manatee County, Florida, and that the said newspaper has heretofore been continuously published in said Manatee County, Florida, each day and has been entered as second-class mail matter at the post office in Bradenton, in said Manatee County, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that she has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper.

Sworn to and subscribed before me this 15th day of June in the year of 2022

Stefani Beard

Notary Public in and for the state of Texas, residing in Dallas County

A High-performance Microforest for Beacon Lake in the Heritage Harbor Central Park

Suncoast Urban ReForesters (SURF) proposes to establish a hal acre microforest along the south leg of the walking trail the circumnavigates Beacon Lake in the Heritage Harbor Centre Park. SURF is a consortium of nonprofits dedicated to climate stewardship, coastal water quality and education in the Suncoast. Our permanent members are Solutions to Avoid Rede Tide (http://START1.org), Florida Veterans for Common Sense (https://floridaveteransforcommonsense.org/), and the Sarasota Bay Rotary Club (https://rotaryclubofsarasotabay.org/). SURF engages local volunteer/partners in each microforest project, four of which have been completed in Sarasota and Manatee counties. SURF looks forward to

engaging community organizations in Manatee Country and Heritage Harbour to establish a microforest at the location shown because community involvement is key to a microforest project's educational experience relative to climate, coastal water quality, and our capacities as individuals to contribute toward the resolution of these challenges.

The proposed half-acre forest will straddle a popular walking trail. Thin trailside belts of prairie grasses will prevent crowns and roots from encroaching on the trail although the canopy will close over the trail in three to five years to form a cool and shady tunnel. Unlike the present turf, the forest will be largely maintenance-free although a temporary irrigation system may be needed until establishment.

This microforest — SURF's fifth since its formation in fall of 2020 — will be planned and planted in accordance with a strategy developed by Japanese botanist Akira Miyawaki (http://urbanforests.com/miyawaki-method). Miyawaki prescribes that a "hyperdiverse" assemblage of native forest species be planted extremely densely (three small saplings per square meter) to create shade competition that spurs an extraordinary growth rate of ten times or faster than native forest or horticultural plantings. SURF uses a permaculture approach to site preparation by layering recycled woodchips over sheet mulch cardboard; this converts turf into simulated forest floor prior to planting. After the forest floor has been laid and incubated for fungal establishment for several weeks, plant-locations will be sited in with flagging (canopy, sub-canopy, understory, and ground cover) and pockets drilled to accommodate the plants, which are then installed on a widely publicized volunteer/learning day. SURF forecasts and models the carbon capture and stormwater diversion using 1-tree to demonstrate to stakeholders and funders our tangible progress in delivering these "ecosystem services" to the Suncoast and global climate.

Funding for the project will come from a combination of a host contribution and external donations. Early experience has suggested that microforests run about \$10K per quarter acre although cost savings may be realized by the engagement of "serious volunteers" (folks who are willing to work before big planting day) or organizations such as Scouts or church groups, or by the involvement of landscape firms working under standing contracts. SURF will engage other volunteers — for instance from local Rotary Clubs, veterans organizations and environmental groups — as desired by local stakeholders.

Board of Directors,

We are pleased to present to Heritage Harbour South CDD the requested Reserve Funding study. We believe that you will find the attached study to be thorough and complete. After you have had an opportunity to review the report you may have questions. Please do not hesitate to write or call, we would be pleased to answer any questions you may have.

Project Description

Heritage Harbour South CDD commenced operations in August 2001. The community has single family residential and multifamily residences. The community started construction in 2002 and construction finished in 2006. The baseball field and recreation area owned by the District were built in 2005. Although the District owns the baseball area, dock, soccer area, parks, parking area, and playground areas, they have an agreement with the HOA that the HOA is to maintain them. The District also owns and maintains the residential streets. The CDD encompasses a total site size of 980.79 acres in Bradenton, Manatee County, Florida.

Date of Physical Inspection

The subject property was physically inspected on July 22, 2022 by Paul Gallizzi and Steven Swartz.

Study Start and Study End

This Reserve Study encompasses the 2022-2023 fiscal year plus 30 years. The Study Start Date is October 1, 2022 and the study ends on September 30, 2053.

Governing Documents

A review was made of aerials and subdivision plats for the subject property.

Depth of Study

Reserve Study Update with Field Inspection. A field inspection was made to verify the existing condition of the various reserve study components, their physical condition, and to verify component quantities. In place testing, laboratory testing, and non-destructive testing of the reserve study

Heritage Harbour South CDD Funding Study Summary - Continued

components were not performed. Field measurements of component quantities were made to either verify improvement plan take offs or determine directly the quantities of various components. Photographs were taken of the site improvements.

Summary of Financial Assumptions

The below table contains a partial summary of information provided by Heritage Harbour South CDD for the Heritage Harbour South CDD funding study. For the purpose of this report, an annual operating budget was set to \$0, as this report focuses only on reserve items.

Fiscal Calendar Year Begins	October 1
Reserve Study by Fiscal Calendar Year Starting	October 1, 2022
Funding Study Length	30 Years
Number of Assessment Paying Owners	1523
Reserve Balance as of October 1, 2022 ¹	\$ 402,615
Annual Inflation Rate	2.50%
Tax Rate on Reserve Interest	0.00%
Minimum Reserve Account Balance	\$ O
Assessment Change Period	1 Year
Annual Operating Budget	\$ O

¹ See "Financial Condition of District" in this report.

Recommended Payment Schedule

The below table contains the recommended schedule of payments for the next six years. The projected life expectancy of the major components and the funding needs of the reserves of the District are based upon the District performing appropriate routine and preventative maintenance for each major component. Failure to perform such maintenance can negatively impact the remaining useful life of the major components and can dramatically increase the funding needs of the reserves of the District.

Proposed Assessments

Fiscal Calendar Year	Owner Total Annual Assessment	District Annual Reserve Assessment	Proposed Reserve Balance
2023	\$ 112	\$ 170,100	\$ 497,210
2024	\$ 114	\$ 174,353	\$ 674,918
2025	\$ 117	\$ 178,711	\$ 858,721
2026	\$ 120	\$ 183,179	\$ 727,041
2027	\$ 123	\$ 187,759	\$ 731,456
2028	\$ 126	\$ 192,453	\$ 285,326

^{*} Annual Reserve Payments have been manually modified.

Heritage Harbour South CDD Funding Study Summary -Continued

Payments have been modified to smooth payments over time. Fiscal Year beginning October 1, 2022

Reserve Study Assumptions

- Cost estimates and financial information are accurate and current.
- No unforeseen circumstances will cause a significant reduction of reserves.
- Sufficient comprehensive property insurance exists to protect from insurable risks.
- The District plans to continue to maintain the existing common areas and amenities.
- Reserve payments occur at the end of every calendar month.
- Expenses occur throughout the year, as services are provided.

Impact of Component Life

The projected life expectancy of the major components and the reserve funding needs of the District are closely tied. Performing the appropriate routine maintenance for each major component generally increases the component useful life, effectively moving the component expense into the future which reduces the reserve funding payments of the District. Failure to perform such maintenance can shorten the remaining useful life of the major components, bringing the replacement expense closer to the present which increases the reserve funding payments of the District. Also, some reserves items may have the phrase allowance after it. These reserve items are something that would not be fully replaced at one time, but a small portion may have to be replaced periodically.

Inflation Estimate

Inflation has been estimated at 2.50 percent over the 30-year window of the study.

Initial Reserves

The projected reserve balance on October 1, 2022 will be \$402,615. These numbers were obtained from the District on the official May 2022 balance sheet and the 2021-2022 budget. This balance also accounts for the current paving project. October 1, 2022 starts the next fiscal year. September 30, 2023 marks the end of the fiscal year.

Financial Condition of District

The pooled method with inflation reserve projections estimate \$111.69 per owner per year in fiscal year 2022-2023 and \$170,100 in total funding.

At the current time, the District is considered to be 37 percent funded. This represents a fairly-funded status. The higher the percent funded, the more likely a District is to avoid a special assessment.

The following are general measures to the health of a District based on the percent funding model: 0-

30% funded: poorly funded

Heritage Harbour South CDD Funding Study Summary - Continued

30-70% funded: fairly funded 70-100% funded: well funded

100+% funded: very well funded

Special Assessments

No reserve items will require special assessments if the funding schedule is followed. However, funding less than the suggested amounts will likely result in special assessments or for the replacement of an item to be delayed.

Reserve Funding Goal

The reserve fund is set to be as close to Fully Funded as possible on an annual basis. The pooled method without inflation, shown near the end of the report, utilizes baseline funding, where reserves are reserves are set to keep a balance above \$0.

Study Method

Funding studies may be done in several ways, but we believe that the value of a funding study lies in the details. "Bulk" studies are quick, usually inexpensive, and almost always border on worthless. We believe that meaningful answers to funding studies lie in the details. This approach is pragmatic, and allows human judgment and experience to enter into the equation.

Unless noted otherwise, the present cost of every reserve item in this report has been estimated using the "National Construction Estimator", a nationally recognized standard, and modified by an area cost adjustment factor. Where possible, known costs have been used. In addition, every reserve item has been given an estimated remaining useful life, an estimated useful life when new, and has been cast into the future to determine the inflated cost.

Equal annual payments are calculated for each reserve item based upon a payment starting year and a payment ending year using the end of period payment method. Interest earned on accumulated reserve funds and taxes on the reserve interest are also calculated. Initial reserve funds are consumed as expenses occur until fully depleted, reducing annual reserve payments to a minimum. As you review this report, we are certain that you will appreciate the level of detail provided, allowing you to review each reserve item in detail.

Heritage Harbour South CDD Funding Study Summary - Continued

Summary of Findings

We have estimated future projected expenses for Heritage Harbour South CDD based upon preservation of existing improvements. The attached funding study is limited in scope to those expense items listed in the attached "Heritage Harbour South CDD Reserve Study Expense Items". Expense items which have an expected life of more than 30 Years are not included in this reserve study unless payment for these long lived items overlaps the 30 Years reserve study envelope.

Of primary concern is the preservation of a positive funding balance with funds sufficient to meet projected expenses throughout the study life. Based upon the attached funding study, it is our professional opinion that owner fees as shown in the attached "Heritage Harbour South CDD Assessment Summary" will realize this goal. Some reserve items in the "Revenue Summary Table" may not contain payments. In this analysis the initial reserves were used to make annual payments for expense items in their order of occurrence until the initial reserve was consumed. As a result reserve items without payments may be expected, particularly in the first few years of the funding study. Heritage Harbour South CDD represents and warrants that the information provided to us, including but not limited to that information contained in the attached Reserve Study Information Summary, that the maintenance records are complete and accurate, and that we may rely upon such information and documents without further verification or corroboration. Where the age of a particular Reserve Item (as listed in the Reserve Study) is unknown, Heritage Harbour South CDD shall provide to us Heritage Harbour South CDD's best-estimated age of that item. If Heritage Harbour South CDD is unable to provide and estimate of a Reserve Item's age, we shall make our own estimate of age of the Reserve Item. The Reserve Study is created for the District's use, and is a reflection of information provided to us. This information is not for the purpose of performing an audit, historical records, quality or forensic analyses. Any on site inspection is not considered to be a project audit or quality inspection. The actual or projected total presented in the reserve study is based upon information provided and was not audited.

Percent Funded

Many reserve studies use the concept of "Percent Funded" to measure the reserve account balance against a theoretically perfect value. Percent Funded is often used as a measure of the "Financial Health" of a District. The assumption is, the higher the percentage, the greater the "Financial Health". We believe the basic premise of "Fully Funded" is sound, but we also believe that the validity of the Fully Funded value must be used with caution.

To answer the question, some understanding of Percent Funded is required. Fully Funded is the sum of the depreciation of all the components by year. To get the Percent Funded, divide the year end reserve balance by the Fully Funded value and multiply by 100 to get a percentage. The concept of Fully Funded is useful when the reserve study is comprehensive, but misleading when the reserve study is superficial or constrained. As a result, we recommend that the statement "Percent Funded" be used with caution.

Keeping Your Reserve Study Current

We believe that funding studies are an essential part of property management. People and property are constantly changing and evolving. As a result, the useful life of a funding study is at best a few years, and certainly not more than five years. This reserve study should be updated:

- At least once every few years
- At changes in the number of assessment paying owners
- Before starting new improvements
- · Before making changes to the property
- · After a flood or fire
- After the change of ownership or management
- After Annexation or Incorporation

Items Beyond the Scope of this Report

- Building or land appraisals for any purpose.
- State or local zoning ordinance violations.
- Building code violations.
- Soils conditions, soils contamination or geological stability of site.
- Engineering analysis or structural stability of site.
- Air quality, asbestos, electromagnetic radiation, formaldehyde, lead, mercury, radon, water quality or other environmental hazards.
- Invasions by pests, termites and any or all other destroying organisms, insects, birds, bats or animals to buildings or site. This study is not a pest inspection.
- Adequacy or efficiency of any system or component on site.
- Specifically excluded reserve items.
- Septic systems and septic tanks.
- Buried or concealed portions of swimming pools, pool liners, Jacuzzis and spas or similar items.
- Items concealed by signs, carpets or other things are also excluded from this study.
- Missing or omitted information supplied by the Heritage Harbour South CDD for the purposes of reserve study preparation.
- Hidden improvements such as sewer lines, water lines, irrigation lines or other buried or concealed items.

Paving Notes

Asphalt paved roads and parking areas have a varying expected life from approximately 15 years to 30 years. It is typical to assume an expected life of 20 years in the subject community for the residential streets. In the District, the roads vary in condition from fair-new. As roads age, this physical condition can be evaluated and the expected remaining life of the roads can be re-evaluated.

The District Engineer provided us with a condition analysis of the streets that he performed in 2022. For the purpose of this report, we will use the maps he provided and the estimated lifespan. These

maps are inluded in the addendum of this report.

Sidewalk Notes

Most of the sidewalk has an indefinite life. However, certain small sections may need maintenance or to be replaced due to problems such as tree roots uprooting the sidewalk. It is our estimate that 5 percent of the cost new of the sidewalk be set aside over a 5-year period to reserve for these repairs. There is estimated to be 318,600 SF of sidewalk on the District grounds. The estimated replacement cost new is approximately \$2,230,600, which would result in a sidewalk repair reserve of \$111,500 over a 5-year period. The annualized cost amounts to \$22,300 per year. Since the District has \$20,000 in their budget for sidewalk repairs, the unfuded difference of \$2,300 should be put towards reserves.

Irrigation Main Lines Notes

Heritage Harbour South CDD has responsibility for their irrigation main lines. There is an estimated 69,208 linear feet (LF) of irrigation main lines. The main lines range in size between 3" to 16" The costs for each of the components are as follows:

Diameter	Length	Cost/LF	Amount
3"	12802'	22.00	\$281,644
4"	17750'	29.00	\$514,750
6"	20711'	45.00	\$931,995
8"	7877'	55.00	\$433,235
12"	3895'	95.00	\$370,025
16"	6173'	130.00	\$802,490
Total Cost			\$3,334,139

These lines have relatively indefinite lifespans. However, as these system ages, they are more likely to have breaks or need repairs. It is our opinion that the best way to fund for these repairs is by funding an allowance of 5% of the total cost of the system over a 5-year period. The repairs should be monitored and can be adjusted accordingly in future reserve funding analysis if they start to become more frequent.

Statement of Qualifications

Paul Gallizzi and Steven Swartz are professionals in the business of preparing reserve studies and insurance appraisals for community associations. We have provided detailed analysis of over 250,000 apartment, villa, townhome, and condominium units. We have prepared insurance appraisals and reserve studies for all types of community associations including high rise condominiums, mid-rise condominiums, garden-style condominiums, townhouse developments, single family homeowners associations, etc. We both hold engineering degrees from fully accredited universities. Paul Gallizzi is a State Certified General Real Estate Appraiser License Number RZ 110 and a State Certified General Contractor License Number CGC 019465. Steven Swartz is a designated Reserve Specialist, RS No.214, from the Community Associations Institute as well as a State Certified General Real Estate

Heritage Harbour South CDD Funding Study Summary - Continued

Appraiser License Number RZ 3479.

Conflict of Interest

As the preparers of this reserve study, we certify that we do not have any vested interests, financial interests, or other interests that would cause a conflict of interest in the preparation of this reserve study.

We would like to thank Heritage Harbour South CDD for the opportunity to be of service in the preparation of the attached Funding Study. Again, please feel free to write or call at our letterhead address, if you have any questions.

Heritage Harbour Master Association 700 River Heritage Blvd Bradenton, FL 34212

Board of Directors,

We are pleased to present to Heritage Harbour Master Association the requested Reserve Funding study. We believe that you will find the attached study to be thorough and complete. After you have had an opportunity to review the report you may have questions. Please do not hesitate to write or call, we would be pleased to answer any questions you may have.

Project Description

Heritage Harbour Master Association operations in August 2001. The community has single family residential and multifamily residences. The community started construction in 2002 and construction finished in 2018 in the River Strand neighborhood. The association maintains a portion of the roads as well as recreational amenities such as Central Park, the basball complex, and the walking trail. The association is located in Bradenton, Manatee County, Florida.

Date of Physical Inspection

The subject property was physically inspected on July 22, 2022 by Paul Gallizzi and Steven Swartz.

Study Start and Study End

This Reserve Study encompasses the 2023 calendar year plus 30 years. The Study Start Date is January 1, 2023 and the study ends on December 31, 2053.

Governing Documents

A review was made of aerials and subdivision plats for the subject property.

Depth of Study

Reserve Study Update with Field Inspection. A field inspection was made to verify the existing condition of the various reserve study components, their physical condition, and to verify component quantities. In place testing, laboratory testing, and non-destructive testing of the reserve study components were not performed. Field measurements of component quantities were made to either verify improvement plan take offs or determine directly the quantities of various components.

Photographs were taken of the site improvements.

Summary of Financial Assumptions

The below table contains a partial summary of information provided by Heritage Harbour Master Association for the Heritage Harbour Master Association funding study. For the purpose of this report, an annual operating budget was set to \$0, as this report focuses only on reserve items.

Reserve Study by Calendar Year Starting	January 1, 2023
Funding Study Length	30 Years
Number of Assessment Paying Members	3777
Reserve Balance as of January 1, 2023 ¹	\$ 1,331,545
Annual Inflation Rate	2.50%
Tax Rate on Reserve Interest ²	30.00%
Minimum Reserve Account Balance	\$ O
Assessment Change Period	1 Year
Annual Operating Budget	\$ 0

¹ See "Financial Condition of Association" in this report.

Recommended Payment Schedule

The below table contains the recommended schedule of payments for the next six years. The projected life expectancy of the major components and the funding needs of the reserves of the association are based upon the association performing appropriate routine and preventative maintenance for each major component. Failure to perform such maintenance can negatively impact the remaining useful life of the major components and can dramatically increase the funding needs of the reserves of the association.

Proposed Modified Assessment

Calendar Year	Member Monthly Reserve Assessment	Member Total Annual Assessment	Association Monthly Reserve Assessment	Association Annual Reserve Assessment	Proposed Reserve Balance
2023	\$ 7.11	\$ 85	\$ 26,858	\$ 322,300	\$ 1,204,247
2024	\$ 7.29	\$ 87	\$ 27,530	\$ 330,358	\$ 1,544,097
2025	\$ 7.47	\$ 90	\$ 28,218	\$ 338,616	\$ 1,265,546
2026	\$ 7.66	\$ 92	\$ 28,923	\$ 347,082	\$ 1,479,787
2027	\$ 7.85	\$ 94	\$ 29,647	\$ 355,759	\$ 1,770,297
2028	\$ 8.05	\$ 97	\$ 30,388	\$ 364,653	\$ 1,569,431

^{*} Annual Reserve Payments have been manually modified.

Payments have been modified to smooth payments over time.

² Taxed as an IRS exempt association

Heritage Harbour Master Association Funding Study Summary - Continued

Reserve Study Assumptions

- Cost estimates and financial information are accurate and current.
- No unforeseen circumstances will cause a significant reduction of reserves.
- Sufficient comprehensive property insurance exists to protect from insurable risks.
- The association plans to continue to maintain the existing common areas and amenities.
- Reserve payments occur at the end of every calendar month.
- Expenses occur throughout the year, as services are provided.

Impact of Component Life

The projected life expectancy of the major components and the reserve funding needs of the association are closely tied. Performing the appropriate routine maintenance for each major component generally increases the component useful life, effectively moving the component expense into the future which reduces the reserve funding payments of the association. Failure to perform such maintenance can shorten the remaining useful life of the major components, bringing the replacement expense closer to the present which increases the reserve funding payments of the association. Also, some reserves items may have the phrase allowance after it. These reserve items are something that would not be fully replaced at one time, but a small portion may have to be replaced periodically.

Inflation Estimate

Inflation has been estimated at 2.50 percent over the 30-year window of the study.

Initial Reserves

Through May 2022, there was \$1,267,179 set aside for reserves. The projected reserve balance on January 1, 2023 will be \$1,409,286. These numbers were obtained from the association on the official May 2022 balance sheet and the 2022 budget. January 1, 2023 starts the next fiscal year. December 31, 2023 marks the end of the fiscal year.

Financial Condition of Association

The pooled method with inflation reserve projections estimate \$7.11 per owner per month in calendar year 2023 and \$322,300 in total funding. The pooled method without inflation reserve projections estimate \$5.65 per owner per month in calendar year 2023 and \$256,100 in total funding. The component method reserve projections estimate \$8.34 per owner per month in calendar year 2023 and \$377,614 in total funding.

At the current time, the association is considered to be 69 percent funded. This represents a fairly-funded status. The higher the percent funded, the more likely an association is to avoid a special assessment.

Heritage Harbour Master Association Funding Study Summary - Continued

The following are general measures to the health of an association based on the percent funding model:

0-30% funded: poorly funded 30-70% funded: fairly funded 70-100% funded: well funded

100+% funded: very well funded

Special Assessments

No reserve items will require special assessments if the funding schedule is followed. However, funding less than the suggested amounts will likely result in special assessments or for the replacement of an item to be delayed.

Reserve Funding Goal

The reserve fund is set to be as close to Fully Funded as possible on an annual basis. The pooled method without inflation, shown near the end of the report, utilizes baseline funding, where reserves are reserves are set to keep a balance above \$0.

Study Method

Funding studies may be done in several ways, but we believe that the value of a funding study lies in the details. "Bulk" studies are quick, usually inexpensive, and almost always border on worthless. We believe that meaningful answers to funding studies lie in the details. This approach is pragmatic, and allows human judgment and experience to enter into the equation.

Unless noted otherwise, the present cost of every reserve item in this report has been estimated using the "National Construction Estimator", a nationally recognized standard, and modified by an area cost adjustment factor. Where possible, known costs have been used. In addition, every reserve item has been given an estimated remaining useful life, an estimated useful life when new, and has been cast into the future to determine the inflated cost.

Equal annual payments are calculated for each reserve item based upon a payment starting year and a payment ending year using the end of period payment method. Interest earned on accumulated reserve funds and taxes on the reserve interest are also calculated. Initial reserve funds are consumed as expenses occur until fully depleted, reducing annual reserve payments to a minimum. As you review this report, we are certain that you will appreciate the level of detail provided, allowing you to review each reserve item in detail.

Summary of Findings

We have estimated future projected expenses for Heritage Harbour Master Association based upon preservation of existing improvements. The attached funding study is limited in scope to those expense items listed in the attached "Heritage Harbour Master Association Reserve Study Expense Items". Expense items which have an expected life of more than 30 Years are not included in this reserve study unless payment for these long lived items overlaps the 30 Years reserve study envelope.

Of primary concern is the preservation of a positive funding balance with funds sufficient to meet projected expenses throughout the study life. Based upon the attached funding study, it is our professional opinion that member monthly fees as shown in the attached "Heritage Harbour Master Association Dues Summary" will realize this goal. Some reserve items in the "Revenue Summary Table" may not contain payments. In this analysis the initial reserves were used to make annual payments for expense items in their order of occurrence until the initial reserve was consumed. As a result reserve items without payments may be expected, particularly in the first few years of the funding study. Heritage Harbour Master Association represents and warrants that the information provided to us, including but not limited to that information contained in the attached Reserve Study Information Summary, that the maintenance records are complete and accurate, and that we may rely upon such information and documents without further verification or corroboration. Where the age of a particular Reserve Item (as listed in the Reserve Study) is unknown, Heritage Harbour Master Association shall provide to us Heritage Harbour Master Association's best-estimated age of that item. If Heritage Harbour Master Association is unable to provide and estimate of a Reserve Item's age, we shall make our own estimate of age of the Reserve Item. The Reserve Study is created for the association's use, and is a reflection of information provided to us. This information is not for the purpose of performing an audit, historical records, quality or forensic analyses. Any on site inspection is not considered to be a project audit or quality inspection. The actual or projected total presented in the reserve study is based upon information provided and was not audited.

Percent Funded

Many reserve studies use the concept of "Percent Funded" to measure the reserve account balance against a theoretically perfect value. Percent Funded is often used as a measure of the "Financial Health" of an association. The assumption is, the higher the percentage, the greater the "Financial Health". We believe the basic premise of "Fully Funded" is sound, but we also believe that the validity of the Fully Funded value must be used with caution.

To answer the question, some understanding of Percent Funded is required. Fully Funded is the sum of the depreciation of all the components by year. To get the Percent Funded, divide the year end reserve balance by the Fully Funded value and multiply by 100 to get a percentage. The concept of Fully Funded is useful when the reserve study is comprehensive, but misleading when the reserve study is superficial or constrained. As a result, we recommend that the statement "Percent Funded" be used with caution.

Keeping Your Reserve Study Current

We believe that funding studies are an essential part of property management. People and property are constantly changing and evolving. As a result, the useful life of a funding study is at best a few years, and certainly not more than five years. This reserve study should be updated:

- At least once every few years
- At changes in the number of dues paying members
- Before starting new improvements
- Before making changes to the property
- After a flood or fire
- After the change of ownership or management
- After Annexation or Incorporation

Items Beyond the Scope of this Report

- Building or land appraisals for any purpose.
- State or local zoning ordinance violations.
- Building code violations.
- Soils conditions, soils contamination or geological stability of site.
- Engineering analysis or structural stability of site.
- Air quality, asbestos, electromagnetic radiation, formaldehyde, lead, mercury, radon, water quality or other environmental hazards.
- Invasions by pests, termites and any or all other destroying organisms, insects, birds, bats or animals to buildings or site. This study is not a pest inspection.
- Adequacy or efficiency of any system or component on site.
- Specifically excluded reserve items.
- Septic systems and septic tanks.
- Buried or concealed portions of swimming pools, pool liners, Jacuzzis and spas or similar items.
- Items concealed by signs, carpets or other things are also excluded from this study.
- Missing or omitted information supplied by the Heritage Harbour Master Association for the purposes of reserve study preparation.
- Hidden improvements such as sewer lines, water lines, irrigation lines or other buried or concealed items.

Paving Notes

Asphalt paved roads and parking areas have a varying expected life from approximately 15 years to 30

Heritage Harbour Master Association Funding Study Summary - Continued

years. Being that the streets included in the report are the main thoroughfares in the community and handle more traffic than residential streets, we give them a lifespan of 15-18 years. The streets are delineated as separate reserve items and their remaining life varies from 0-10 years, depending on the street.

Pond Banks Notes

Drainage ponds require routine and non-routine maintenance. Routine maintenance includes mowing debris removal and catch basin cleaning. Mowing on a regular basis enhances the aesthetics of the area as well as helping to prevent erosion. Proper mowing of the banks helps the ground cover maintain a healthy root system, which minimizes erosion. Trash, debris, and litter removal reduces obstructions to inlets and outlets allow the storm water system to function as designed. Cleaning catch basins is also considered routine maintenance. For the purpose of this reserve study, the cost of routine maintenance is not a reserve item.

Non-routine maintenance is a reserve item. Non-routine maintenance includes bank erosion and stabilization, sediment removal, and structural repairs and replacement. From time to time, some of these ponds may encounter erosion of their banks and require repairs. All ponds react differently due to original construction, slope of the bank, soil or environmental conditions, and other factors.

Heritage Harbour Master Association is responsible for retention ponds for stormwater drainage. These ponds are estimated to have 169,400 linear feet of shoreline area. It is not likely that all of the shoreline area will erode and need to be replaced. We have estimated that approximately 5 percent of the shoreline will erode and need refurbishment over a 5-year period.

There was some pond bank erosion noted at during the site visit. The board has mentioned that they are in process of bringing any eroded spots back to average condition. This will likely not be paid with reserve funds, but they said that they would like to start reserving for this item in the future. For the purpose of this report, we will use the hypothetical condition that the pond banks are all in average condition and that the reserve shown will fund some future repairs. These numbers can be adjusted in future reserve planning if necessary.

Sidewalk Notes

Most of the sidewalk has an indefinite life. However, certain small sections may need maintenance or to be replaced due to problems such as tree roots uprooting the sidewalk. It is our estimate that 5 percent of the cost new of the sidewalk be set aside over a 5-year period to reserve for these repairs. There is estimated to be 53,000 SF of sidewalk on the District grounds. The estimated replacement cost new is approximately \$371,000, which would result in a sidewalk repair reserve of \$18,600 over a 5-year period.

Stormwater Drainage Notes

Heritage Harbour Master Association is responsible for the maintenance and repair of the storm water drainage system throughout the development. The system includes all inlets, all outlets, all drainage control structures and all underground reinforced concrete piping. The lakes and ponds receive storm water from within the development.

All of the curb inlets, the lakes and ponds receiving outlets, the control structures, and the interconnections among the lakes and ponds are connected with underground reinforced concrete piping of various sizes. Due to the numerous interspersed lakes and ponds, the average distance between structures is relatively short and is estimated to be approximately 180 feet. This short distance combined with piping typically servicing only one or two inlets results in minimal amounts of storm water per section and thus piping sizes are relatively minimal. The estimated average diameter of piping is 24 inches.

In general, the drainage system including drainage structures and drainage pipes have a long lifespan. These improvements, however, may encounter problems from natural causes such as settlement or tree roots and man made causes such as excavations or poor original design or poor construction. It has therefore been deemed necessary to set up a reserve for repair and replacement of the HOA owned drainage improvements.

For the purpose of this reserve study, it is our opinion that \$75,000 should be set aside over a 5-year period to reserve for periodic repairs. These reserves can also be used for deferred maintenance of the storm drainage system, as some minor problems may occur at various times. The amounts shown in this reserve study should be analyzed and adjusted in future reserve studies based upon actual HOA expenditures for such items.

Nature Trail Notes

The asphalt-paved nature trail provides access around the lake near the playground and baseball facilities. The nature trail is currently in average-fair condition. There are some spots that show edge cracking and other spots that roots underneath that are starting to push their way to the surface. Not all portions of the trail are in the same condition. The board is planning to make repairs to the trail with funds not in reserves and has asked us to set up a reserve for its next replacement, therefore the trail has been given a full lifespan.

Statement of Qualifications

Paul Gallizzi and Steven Swartz are professionals in the business of preparing reserve studies and insurance appraisals for community associations. We have provided detailed analysis of over 250,000 apartment, villa, townhome, and condominium units. We have prepared insurance appraisals and reserve studies for all types of community associations including high rise condominiums, mid-rise

Heritage Harbour Master Association Funding Study Summary - Continued

condominiums, garden-style condominiums, townhouse developments, single family homeowners associations, etc. We both hold engineering degrees from fully accredited universities. Paul Gallizzi is a State Certified General Real Estate Appraiser License Number RZ 110 and a State Certified General Contractor License Number CGC 019465. Steven Swartz is a designated Reserve Specialist, RS No.214, from the Community Associations Institute as well as a State Certified General Real Estate Appraiser License Number RZ 3479.

Conflict of Interest

As the preparers of this reserve study, we certify that we do not have any vested interests, financial interests, or other interests that would cause a conflict of interest in the preparation of this reserve study.

We would like to thank Heritage Harbour Master Association for the opportunity to be of service in the preparation of the attached Funding Study. Again, please feel free to write or call at our letterhead address, if you have any questions.

Addendum

The preceding reserve analysis was based on the 30 year pooled "cash flow" method. To calculate the annual contribution amount using this method, a 30 year cash flow analysis is performed to determine that there will be adequate reserve funds on deposit as the reserve components of the property age and are repaired and/or replaced. This analysis takes the total beginning year reserve balance along with the projected annual reserve expenditures over a thirty year period, and through pooling of all of the reserve funds and creating one general reserve fund, arrives at an annual contribution amount so as to provide a positive cash flow and adequate reserve account balance over the next 30 years. It is advisable that this plan be considered because it makes reserve contributions fairly level over time. This plan is fully funded and uses inflation.

Similar to the pooled "cash flow" method, is the pooled method that does not use inflation. The state of Florida allows the use of inflation, but does not mandate that it be used. Associations can choose to fund reserves in present dollars, or they can choose to incorporate inflation into the reserve funding schedule. The reserve study funding amounts must be shown to produce a reserve balance at the end of the year above \$0. At a minimum, the pooled method with present dollars has to be shown. This is essentially a minimum funding amount for the pooled method. However, the use of inflation can be used to show a more real world approach. It should be noted that the use of ballooning payments is prohibited, where a large increase is used from one year to the next or when proper funding is pushed well into the future to fund an inadequate current amount. The pooled method without inflation is shown in detail on the following pages.

An alternative to the 30 year pooled method is the "component method". This plan utilizes straight line formulas for each separate reserve category. This method takes each individual line item and computes its annual contribution amount by taking unfunded balance and divides it by the components remaining life. In this method, reserve items are fully funded. This is the amount that should be contributed into the reserves accounts over the component's remaining life. A setback to this method is that the replacement cost of items will need to be revised every year or two, as construction costs change because it does not factor in inflation. Also, it does not take into account interest on reserve balances. The component method is shown in detail on the following pages.

When choosing between the pooled "cash flow" method and the component method, many factors come into play: the current funding status of the association, the annual contribution amounts, and the upkeep/maintenance of the reserve accounts within the association. The pooled method works best when the association is well funded and can gain interest on lofty reserve balances. However, when interest rates are low, the financial advantages of the pooled method are marginalized. When an association is not well funded, either method will produce fairly similar funding projections.

Another point to discuss is the maintenance of the reserve accounts. We recommend updating your reserve study every 3 years (or sooner if major changes happen with your community). If the association uses the component method, they need to be diligent about updating the costs of reserve items every year or two. With the pooled method, these changes in construction costs are already factored into the report. The last point of the maintenance of reserves is voting. If you use the component method, it dictates that money reserved for one item cannot be transferred over to a different item without an association vote. While some community members may like this idea, it also presents the possibility of a lot more red tape for an association in meetings.

Pooling Method without Inflation

RESOLUTION 2022-03

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE HERITAGE HARBOUR SOUTH COMMUNITY DEVELOPMENT DISTRICT ADOPTING A BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2022 AND ENDING SEPTEMBER 30, 2023; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the District Manager submitted, prior to June 15th, to the Board of Supervisors ("**Board**") of the Heritage Harbour South Community Development District ("**District**") a proposed budget for the next ensuing budget year ("**Proposed Budget**"), along with an explanatory and complete financial plan for each fund, pursuant to the provisions of Sections 189.016(3) and 190.008(2)(a), Florida Statutes;

WHEREAS, the District filed a copy of the Proposed Budget with the local governing authorities having jurisdiction over the area included in the District at least 60 days prior to the adoption of the Proposed Budget pursuant to the provisions of Section 190.008(2)(b), Florida Statutes:

WHEREAS, the Board held a duly noticed public hearing pursuant to Section 190.008(2)(a), Florida Statutes;

WHEREAS, the District Manager posted the Proposed Budget on the District's website at least 2 days before the public hearing pursuant to Section 189.016(4), Florida Statutes;

WHEREAS, the Board is required to adopt a resolution approving a budget for the ensuing fiscal year and appropriate such sums of money as the Board deems necessary to defray all expenditures of the District during the ensuing fiscal year pursuant to Section 190.008(2)(a), Florida Statutes; and

WHEREAS, the Proposed Budget projects the cash receipts and disbursements anticipated during a given time period, including reserves for contingencies for emergency or other unanticipated expenditures during the fiscal year.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD:

Section 1. Budget

- **a.** That the Board has reviewed the Proposed Budget, a copy of which is on file with the office of the District Manager and at the District's records office, and hereby approves certain amendments thereto, as shown below.
- b. That the Proposed Budget as amended by the Board attached hereto as Exhibit A, is hereby adopted in accordance with the provisions of Section 190.008(2)(a), Florida Statutes, and incorporated herein by reference; provided, however, that the comparative figures contained in the adopted budget may be subsequently revised as deemed necessary by the District Manager to reflect actual revenues

and expenditures for fiscal year 2022-2023 and/or revised projections for fiscal year 2022-2023.

- **c.** That the adopted budget, as amended, shall be maintained in the office of the District Manager and at the District's records office and identified as "The Budget for the Heritage Harbour South Community Development District for the Fiscal Year Beginning October 1, 2022, and Ending September 30, 2023".
- **d.** The final adopted budget shall be posted by the District Manager on the District's website within 30 days after adoption pursuant to Section 189.016(4), Florida Statutes.

Section 2.	Appropriations.	There is hereby	appropriated	out of the reve	nues of the
District (the	e sources of the rev	enues will be pr	rovided for in	a separate res	olution), for
the fiscal y	ear beginning Octob	per 1, 2022, and	ending Septer	mber 30, 2023,	the sum of
\$	_, which sum is	deemed by the	Board to be	necessary to	defray all
expenditure	es of the District du	ring said budget	year, to be d	ivided and app	ropriated in
the following	ig fashion:				
	-				

Total All Funds*	\$	
Total Debt Service Funds – Series	2015\$	
Total Debt Service Funds – Series	2013\$	
Total Reserve Fund	\$	
rotal General Fund	\$	

- **Section 3.** Budget Amendments. Pursuant to Section 189.016(6), Florida Statutes, the District at any time within the fiscal year or within 60 days following the end of the fiscal year may amend its budget for that fiscal year as follows:
 - **a.** The Board may authorize an increase or decrease in line item appropriations within a fund by motion recorded in the minutes if the total appropriations of the fund do not increase.
 - **b.** The District Manager or Treasurer may authorize an increase or decrease in line item appropriations within a fund if the total appropriations of the fund do not increase and if the aggregate change in the original appropriation item does not exceed \$10,000 or 10% of the original appropriation.
 - **c.** Any other budget amendments shall be adopted by resolution and be consistent with Florida law. This includes increasing any appropriation item and/or fund to reflect receipt of any additional unbudgeted monies and make the corresponding change to appropriations or the unappropriated balance.

^{*}Not inclusive of any collection costs or early payment discounts.

The District Manager or Treasurer must establish administrative procedures to ensure that any budget amendments are in compliance with this section and Section 189.016, Florida Statutes, among other applicable laws. Among other procedures, the District Manager or Treasurer must ensure that any amendments to budget(s) under subparagraphs c. above are posted on the District's website within 5 days after adoption pursuant to Section 189.016(7), Florida Statutes.

Section 4. Effective Date. This Resolution shall take effect upon the passage and adoption of this Resolution by the Board.

Passed and Adopted on September 6, 2022.

GENERAL FUND BUDGET ACCOUNT CATEGORY DESCRIPTION

The General Fund Budget Account Category Descriptions are subject to change at any time depending on its application to the District. Please note, not all General Fund Budget Account Category Descriptions are applicable to the District indicated above. Uses of the descriptions contained herein are intended for general reference.

REVENUES:

Interest Earnings: The District may earn interest on its monies in the various operating accounts.

Tax Roll: The District levies Non-Ad Valorem Special Assessments on all of the assessable property within the District to pay for operating expenditures incurred during the Fiscal Year. The assessments may be collected in two ways. The first is by placing them on the County's Tax Roll, to be collected with the County's Annual Property Tax Billing. This method is only available to land properly platted within the time limits prescribed by the County.

Off Roll: For lands not on the tax roll and that is by way of a direct bill from the District to the appropriate property owner.

Developer Contributions: The District may enter into a funding agreement and receive certain prescribed dollars from the Developer to off-set expenditures of the District.

Event Rental: The District may receive monies for event rentals for such things as weddings, birthday parties, etc.

Miscellaneous Revenues: The District may receive monies for the sale or provision of electronic access cards, entry decals etc.

Facilities Rentals: The District may receive monies for the rental of certain facilities by outside sources, for such items as office space, snack bar/restaurants etc.

EXPENDITURES – ADMINISTRATIVE:

Supervisor Fees: The District may compensate its supervisors within the appropriate statutory limits of \$200.00 maximum per meeting within an annual cap of \$4,800.00 per supervisor.

Administrative Services: The District will incur expenditures for the day to today operation of District matters. These services include support for the District Management function, recording and preparation of meeting minutes, records retention and maintenance in accordance with Chapter 119, Florida Statutes, and the District's adopted Rules of Procedure, preparation and delivery of agenda, overnight deliveries, facsimiles and phone calls.

District Management: The District as required by statute, will contract with a firm to provide for management and administration of the District's day to day needs. These service include the conducting of board meetings, workshops, overall administration of District functions, all required state and local filings, preparation of annual budget, purchasing, risk management, preparing various resolutions and all other secretarial duties requested by the District throughout the year is also reflected in this amount.

District Engineer: The District's engineer provides general engineering services to the District. Among these services are attendance at and preparation for monthly board meetings, review of construction invoices and all other engineering services requested by the district throughout the year.

Disclosure Report: The District is required to file quarterly and annual disclosure reports, as required in the District's Trust Indenture, with the specified repositories. This is contracted out to a third party in compliance with the Trust Indenture.

Trustee's Fees: The District will incur annual trustee's fees upon the issuance of bonds for the oversight of the various accounts relating to the bond issues.

Assessment Roll: The District will contract with a firm to prepare, maintain and certify the assessment roll(s) and annually levy a non-ad valorem assessment for operating and debt service expenses.

Financial & Revenue Collections: Services of the Collection Agent include all functions necessary for the timely billing and collection and reporting of District assessments in order to ensure adequate funds to meet the District's debt service and operations and maintenance obligations. The Collection Agent also maintains and updates the District's lien book(s) annually and provides for the release of liens on property after the full collection of bond debt levied on particular properties.

Accounting Services: Services include the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

Auditing Services: The District is required annually to conduct an audit of its financial records by an Independent Certified Public Accounting firm, once it reaches certain revenue and expenditure levels, or has issued bonds and incurred debt.

Arbitrage Rebate Calculation: The District is required to calculate the interest earned from bond proceeds each year pursuant to the Internal Revenue Code of 1986. The Rebate Analyst is required to verify that the District has not received earnings higher than the yield of the bonds.

Travel: Each Board Supervisor and the District Staff are entitled to reimbursement for travel expenses per Florida Statutes 190.006(8).

Public Officials Liability Insurance: The District will incur expenditures for public officials' liability insurance for the Board and Staff.

Legal Advertising: The District will incur expenditures related to legal advertising. The items for which the District will advertise include, but are not limited to meeting schedules, special meeting notices, and public hearings, bidding etc. for the District based on statutory guidelines

Bank Fees: The District will incur bank service charges during the year.

Dues, Licenses & Fees: The District is required to pay an annual fee to the Department of Economic Opportunity, along with other items which may require licenses or permits, etc.

RESOLUTION 2022-04

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE HERITAGE HARBOUR SOUTH COMMUNITY DEVELOPMENT DISTRICT IMPOSING ANNUALLY RECURRING OPERATIONS MAINTENANCE NON-AD SPECIAL AND VALOREM ASSESSMENTS: PROVIDING FOR COLLECTION **ENFORCEMENT OF ALL DISTRICT SPECIAL ASSESSMENTS:** CERTIFYING AN ASSESSMENT ROLL; PROVIDING FOR AMENDMENT OF THE ASSESSMENT ROLL; PROVIDING FOR CHALLENGES AND PROCEDURAL **IRREGULARITIES:** PROVIDING FOR SEVERABILITY; PROVIDING FOR AN **EFFECTIVE DATE.**

WHEREAS, the Heritage Harbour South Community Development District ("**District**") is a local unit of special-purpose government established pursuant to Chapter 190, Florida Statutes for the purpose of providing, preserving, operating, and maintaining infrastructure improvements, facilities, and services to the lands within the District;

WHEREAS, the District is located in Manatee County, Florida ("County");

WHEREAS, the Board of Supervisors of the District ("**Board**") hereby determines to undertake various activities described in the District's adopted budget for fiscal year 2022-2023 attached hereto as **Exhibit A** ("**FY 2022-2023 Budget**") and incorporated as a material part of this Resolution by this reference;

WHEREAS, the District must obtain sufficient funds to provide for the activities described in the FY 2022-2023 Budget;

WHEREAS, the provision of the activities described in the FY 2022-2023 Budget is a benefit to lands within the District;

WHEREAS, the District may impose non-ad valorem special assessments on benefited lands within the District pursuant to Chapter 190, Florida Statutes;

WHEREAS, such special assessments may be placed on the County tax roll and collected by the local Tax Collector ("**Uniform Method**") pursuant to Chapters 190 and 197, Florida Statutes;

WHEREAS, the District has, by resolution and public notice, previously evidenced its intention to utilize the Uniform Method:

WHEREAS, the District has approved an agreement with the County Property Appraiser ("Property Appraiser") and County Tax Collector ("Tax Collector") to provide for the collection of special assessments under the Uniform Method;

WHEREAS, it is in the best interests of the District to proceed with the imposition, levy, and collection of the annually recurring operations and maintenance non-ad valorem special assessments on all assessable lands in the amount contained for each parcel's portion of the

FY 2022-2023 Budget ("O&M Assessments");

WHEREAS, the Board desires to collect the annual installment for the previously levied debt service non-ad valorem special assessments ("**Debt Assessments**") in the amounts shown in the FY 2022-2023 Budget;

WHEREAS, the District adopted an assessment roll as maintained in the office of the District Manager, available for review, and incorporated as a material part of this Resolution by this reference ("Assessment Roll");

WHEREAS, it is in the best interests of the District to certify the Assessment Roll to the Tax Collector pursuant to the Uniform Method; and

WHEREAS, it is in the best interests of the District to permit the District Manager to amend the Assessment Roll, including the property certified to the Tax Collector by this Resolution, as the Property Appraiser updates the property roll, for such time as authorized by Florida law.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD:

- **Section 1.** Benefit from Activities and O&M Assessments. The provision of the activities described in the FY 2022-2023 Budget confer a special and peculiar benefit to the lands within the District, which benefits exceed or equal the O&M Assessments allocated to such lands. The allocation of the expenses of the activities to the specially benefited lands is shown in the FY 2022-2023 Budget and in the Assessment Roll.
- Section 2. O&M Assessments Imposition. Pursuant to Chapter 190, Florida Statutes and procedures authorized by Florida law for the levy and collection of special assessments, the O&M Assessments are hereby imposed and levied on benefited lands within the District in accordance with the FY 2022-2023 Budget and Assessment Roll. The lien of the O&M Assessments imposed and levied by this Resolution shall be effective upon passage of this Resolution.

Section 3. Collection and Enforcement of District Assessments.

- a. Uniform Method for all Debt Assessments and all O&M Assessments. The collection of all Debt Assessments and all O&M Assessments for all lands within the District, shall be at the same time and in the same manner as County taxes in accordance with the Uniform Method, as set forth in the Assessment Roll. All assessments collected by the Tax Collector shall be due, payable, and enforced pursuant to Chapter 197, Florida Statutes.
- b. **Future Collection Methods.** The decision to collect special assessments by any particular method e.g., on the tax roll or by direct bill does not mean that such method will be used to collect special assessments in future years, and the District reserves the right in its sole discretion to select collection methods in any given year, regardless of past practices.

- **Section 4. Certification of Assessment Roll**. The Assessment Roll is hereby certified and authorized to be transmitted to the Tax Collector.
- **Section 5. Assessment Roll Amendment**. The District Manager shall keep apprised of all updates made to the County property roll by the Property Appraiser after the date of this Resolution and shall amend the Assessment Roll in accordance with any such updates, for such time as authorized by Florida law. After any amendment of the Assessment Roll, the District Manager shall file the updates to the tax roll in the District records.
- **Section 6. Assessment Challenges.** The adoption of this Resolution shall be the final determination of all issues related to the O&M Assessments as it relates to property owners whose benefited property is subject to the O&M Assessments (including, but not limited to, the determination of special benefit and fair apportionment to the assessed property, the method of apportionment, the maximum rate of the O&M Assessments, and the levy, collection, and lien of the O&M Assessments), unless proper steps shall be initiated in a court of competent jurisdiction to secure relief within 30 days from adoption date of this Resolution.
- **Section 7. Procedural Irregularities**. Any informality or irregularity in the proceedings in connection with the levy of the O&M Assessments shall not affect the validity of the same after the adoption of this Resolution, and any O&M Assessments as finally approved shall be competent and sufficient evidence that such O&M Assessment was duly levied, that the O&M Assessment was duly made and adopted, and that all other proceedings adequate to such O&M Assessment were duly had, taken, and performed as required.
- **Section 8. Severability**. The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof.
- **Section 9. Effective Date**. This Resolution shall take effect upon the passage and adoption of this Resolution by the Board.

Passed and Adopted on September 6, 2022.

SECOND ADDENDUM TO THE CONTRACT FOR PROFESSIONAL DISTRICT SERVICES

This Second Addendum to the Contract for Professional District Services (this "Addendum"), is made and entered into as of the 1st day of October, 2022 (the "Effective Date"), by and between Heritage Harbour South Community Development District, a local unit of special purpose government established pursuant to Chapter 190, Florida Statutes, located in Manatee County, Florida (the "District"), and Rizzetta & Company, Inc., a Florida corporation (the "Consultant").

RECITALS

WHEREAS, the District and the Consultant entered into the Contract for Professional District Services dated October 1, 2018 (the "**Contract**"), incorporated by reference herein; and

WHEREAS, the District and the Consultant desire to amend **Exhibit B** - Schedule of Fees of the Fees and Expenses, section of the Contract as further described in this Addendum; and

WHEREAS, the District and the Consultant each has the authority to execute this Addendum and to perform its obligations and duties hereunder, and each party has satisfied all conditions precedent to the execution of this Addendum so that this Addendum constitutes a legal and binding obligation of each party hereto.

NOW, THEREFORE, based upon good and valuable consideration and the mutual covenants of the parties, the receipt of which and sufficiency of which is hereby acknowledged, the District and the Consultant agree to the changes to amend **Exhibit B** - Schedule of Fees attached.

The amended **Exhibit B** - Schedule of Fees are hereby ratified and confirmed. All other terms and conditions of the Contract remain in full force and effect.

IN WITNESS WHEREOF the undersigned have executed this Addendum as of the Effective Date.

(Remainder of this page is left blank intentionally)

Therefore, the Consultant and the District each intend to enter this Addendum, understand the terms set forth herein, and hereby agree to those terms.
